This is our third time at the show and we keep coming back as we've seen how it's grown. We have found there has been lots of quality visitors and our new products have been well received.

Lukas Cornelius Lazzari, Tomasella and Ego Italiano

I am delighted with both the number of new customers we have welcomed to the business and the positive feedback and further displays gained from existing customers.

Barry Webb, Sales Director, Alpha Designs

January Furniture Show was really good for us. The acidtest is always reaction from customers and having orders up by 24% on last year is testament to the content, presentation and preparation that went into the show.
