IRRI TOUR

Details and Duration:

In this tour, you will learn about the International Rice Research Institute (IRRI), an independent, nonprofit, research and educational institute, founded in 1960 by the Ford and Rockefeller Foundations with support from the Philippine government.

Situated in the province of Laguna, Philippines, IRRI headquarters is in a 190-hectare property consisting of experimental rice fields, laboratories, screen houses, glass houses, phytotron, office buildings and residence halls.

The two-hour walk through introduces the best of the world's rice research, focusing on the technologies and services we offer to help alleviate some of the world’s most pressing challenges such as climate change and food and nutrition security.
